# news & notes

# Be the face of your favorite isi national event

Have you competed in any of ISI's national events in the past 5 years? We are looking for current ISI members of all ages and skating levels to provide testimonials about each event for future event advertising and promotion. Tell us in 250 words or less what you liked best about the event, and why you recommend it to other skaters. Then email it, along with a photo of yourself, to editor@skateisi.org. The deadline for submissions is June 19.

# Skaters Perfecting Figures at YMCA Boulder Valley

Coach Julie Kelley has been working with YMCA Boulder Valley, Colo., skaters on their Figures. Congratulations to Angelique Sabo for passing her Figure 2 test in December! Angelique, along with Marina Eissenstat and Ruth Widerski, competed in Figures in November.

"Coaching Figures, testing and having students compete this year [2021] has been a real delight," said Kelley. "We are looking forward to the ISI Adult Championships in October. Hopefully, several skaters will have passed figure tests and be ready to compete. The skaters all appreciate the ISI program!"

From left: Angelique Sabo, Marina Eissenstat, Ruth Widerski and Coach Julie Kelley

Colorado's YMCA Boulder Valley skaters enjoy practicing Figures.

# ISI NATIONAL EVENT CHECKLIST

AT LEAST THREE MONTHS BEFORE EVENT:

	Go to ISI website (skateisi.org) to get event details.
ī	Pass test(s) for skating level you wish to participate in at event.
	Talk with your coach and decide which events you should enter, and how to enter some extra events that don't require a program routine. (Check out the special discounted events for the year!)
\	oposial succession of success and years,
B	Y ENTRY DEADLINE:
	Make sure your ISI membership has been renewed for the new membership term.
	If not, your membership renewal fee can be included on your event entry form.
	Make sure your highest tests are registered with ISI by your coach.
	Complete your registration online or on paper.
T	NO MONTHS BEFORE EVENT:
	Make or purchase costumes.
	Make props for Spotlight events.
	Learn new programs.
AF	FTER EVENT SCHEDULE IS RELEASED:
	Double check that all your events are listed on the schedule, that your name is
	spelled correctly and that your rink is listed accurately.
	Make travel plans, including hotel reservations at an ISI host hotel, listed on the ISI website.
W	EEK BEFORE EVENT:
	All national event music must be on CD only (no CD RW), unless the venue is
	requesting MP3s. (Guidelines for MP3s will be provided on skateisi.org.) Make
	sure you have one program per CD, and always have a backup copy, too.
	backup copy, too.
DI	JRING EVENT:
	Smile!
	Skate your best.
	Take your picture with ISI mascots Flip and Twizzle.
	Practice ISI sportsmanship.
	Meet new friends, trade pins and contact
	information, etc.
	Have FUN!

2022 ISI Northeast Championships May 13-15

Ice & Blades Figure Skating Team Alpha Ice Complex Pittsburgh, PA

Test & Entry Deadline: March 25 skateisi.org/northeastchamps

# "The Steel City" to Host First-Ever ISI Northeast Championships by Eileen Vigliane

Hip, Hip, Hooray! We're bringing a national event (including all the fun and excitement that goes along with it!) to the picturesque Northeast this year — our first national competition in this beautiful area of the country! Hosted by Ice & Blades Figure Skating Team (of Western Pennsylvania), the 2022 ISI Northeast Championships takes place May 13-15 at Alpha Ice Plex in Pittsburgh, Pa., otherwise known as "The Steel City" or "City of Bridges." The event is sponsored by Highmark Blue Cross Blue Shield and AHN.

The historic Andy Warhol Bridge, also known as the Seventh Street Bridge

# **Alpha Ice Complex**

Located just 20 minutes from downtown Pittsburgh, the Alpha Ice Complex features three sheets of spectacular ice, ready for eager skaters to showcase their moves.

# **Famous Scenic Vistas**

If Pittsburgh isn't on your bucket list of places to visit, you'll want to rethink this. Better yet, go ahead and register for Northeast Champs, and you'll soon discover for yourself why it's a must-see destination. With its snaking hills, meandering rivers and golden bridges, you'll be blown away by its scenic beauty. Add to that its numerous family-friendly attractions, unique cultural sites, award-winning restaurants and fabulous outdoor recreation opportunities, and you may never want to leave!

# Here are just some of the many sensational attractions in "The Steel (ity" that won't disappoint:

Photos courtesy of Visit Pittsburgh, Carnegie Science Center and Kennywood

# **Duquesne Incline**

Ride in a restored cable car on the wooden rails scaling Mount Washington for a scenic view of Pittsburgh and its three rivers. Weekend TODAY magazine calls it one of the "10 most beautiful views in America." Visit duquesneincline.org

# **Kennywood Park**

Founded in 1898, Kennywood amusement park was recently named "Favorite Traditional Amusement Park" by the National Amusement Park Historical Association. Members of this group are mostly amusement park enthusiasts who have visited countless amusement parks. (Surely, they know what they're talking about!) Visit kennywood.com

# **Gateway Clipper Fleet**

Have fun taking in the sights of Pittsburgh from a different vantage point — aboard a Gateway Clipper riverboat! Several types of cruises — dining, sightseeing and kids' theme — are available. *Visit gatewayclipper.com* 

Carnegie Science Center

# Carnegie Science Center

Enjoy exploring four floors of interactive exhibits that highlight space exploration, the human body, water, sports (as they relate to physics) and more. *Visit carnegiesciencecenter.org* 

# Pittsburgh Zoo & PPG Aquarium

The Pittsburgh Zoo & PPG Aquarium is home to more than 8,000 animals, including the African elephant, Black rhinoceros, Komodo dragon and Amur lion. What's more, the facility made animal medical history in September when one-year- old "Floppy" the penguin became the first member of his species to get a wing successfully amputated, after the zoo

discovered it was broken. (ISI's beloved penguin mascots, Flip and Twizzle, are flippin' out to meet him!) Visit pittsburghzoo.org

Other fun places to visit in Pittsburgh: Randyland, Heinz History Center, Andy Warhol Museum, Invention Land and Heinz Field (home of the Pittsburgh Steelers).

# 5 Fab Facts about Pittsburgh

- 1. Known as the "City of Bridges," with 446 bridges more than any city in the world!
- 2. Birthplace of the emoticon , the McDonald's Big Mac, Heinz Ketchup and the Ferris Wheel
- 3. Features 700 sets of public stairs that are maintained by an Inspector of Steps (really!)
- 4. Home to the steepest street you can drive on in the United States Canton Street
- 5. Spelled as Pittsburg from 1891 to 1911 (which may explain why people frequently misspell it!)

# Spotlight on

ee Bertol vai ISI's Newest Freestyle 10 Skater

by Eileen Viglione

When Kaylee Bertolucci passed the ISI Freestyle 10 test in September, she fulfilled a dream she has had since she first began skating 12 years ago.

An 18-year-old college student, Kaylee is ISI's latest skater to reach this prestigious level. She started skating at age 6, thanks to an elementary school friend who invited her to skate on a public session at Skatetown Ice Arena in Roseville, Calif.

"I had tried other sports, but as soon as I stepped on the ice, I knew it would be my passion," she said. "When I first started taking group lessons, most of

the skills came pretty naturally, and I progressed through the levels fairly fast. Of course, I had trouble with some elements, but my love of skating motivated me to work hard and focus on my long-term goals; one of those goals was to pass Freestyle 10."

Finally achieving this impressive feat is important to Kaylee because it represents just how far she has progressed in her skills as a figure skater.

"The hardest part of passing the FS 10 test was the multiple triple jumps I had to complete," she said. "The hardest combination that I completed two times in a row, and in my program, was a triple-toe loop, double-toe loop. I also had the choice between completing Arabian cartwheels or butterflies, and I chose to complete three butterflies in a row, which I have always struggled with. Overall, the test is the most difficult test I have ever done, and I am so happy I was able to accomplish it."

Kaylee is also a U.S. Figure Skating triple gold medalist and has placed at three U.S. Figure Skating National Showcase competitions. To prepare for competitions and testing, she trains at Skatetown and Vacaville Ice Sports for two hours a day, six days a week, with three coaches: Shannon Sakata, Chris Kinser and Kimberley Graves-Hamm.

Some of Kaylee's past programs include "Titanic," "Gone with the Wind" and Swan Lake from "Funny Girl." She loves that the sport of ice skating entails both technical and creative skills.

"I love the process of learning new moves, creating programs and competing every season," she explained. "There is always something to look forward to and try, making

skating so versatile and interesting. My favorite part of every skating season is choreographing and training new programs, with a whole new set of improved skills."

Kaylee, center, earned first place in her first ISI competition, the 2011 Skate at the Lake in South Tahoe, Calif.

#### **Future Goals**

Looking ahead, Kaylee plans to participate in another ISI World Recreational Team Championships, compete at the U.S. Figure Skating National Showcase this year and earn a fourth gold medal in U.S. Figure Skating Pattern Dances.

Her advice to other skaters striving to achieve the Freestyle

"Have a strong sense of grit and focus," she said. "The skills needed to pass this test can take years and years, so staying focused and putting in lots of hard work is extremely important. If you can maintain a strong mindset toward your goals and put in the hard work that is needed, you can most definitely reach the Freestyle 10 level."

Dramatic songs and selections from Broadway productions; orchestral and piano compositions for technical skating.

# **Skater to Watch:**

# 2020NE ISI ADULT

Arkansas Skatium — Overall Team Champion, 2020ne ISI Adult Champs

# **ADULT SKATERS LIGHT UP**

Almost 100 skaters from 23 rink teams from nine states (*Arkansas, California, Colorado, Florida, Illinois, Nevada, Ohio, Oregon and Texas*) descended on the ultimate "big kid" playground — Las Vegas! — to compete in the 2020ne ISI Adult Championships.

The 22nd annual event for adult skaters, ages 18 and over, took place Oct. 9-10 at the Las Vegas Ice Center.

"It was a small event, especially for Las Vegas, but what it lacked in size, it well made up for in enthusiasm!" said ISI Skating Programs & National Events Director Kim Hansen. "Those that came were very happy

to be back to in-person skating and once again enjoying the camaraderie so emblematic of adult competition."

# Open Solo Free Dance

Do you wish to compete in ice dance, but you can't find a partner or would rather dance on your own? Then Open Solo Free Dance is for you!

This discipline of skating, which is included in ISI's testing and competition offerings, has been growing in popularity with recreational and competitive skaters over the years. It features all of the elements of partnered free dance but without the lifts and couple elements. Emphasis is on demonstrating strong bilateral skating skills, power, edging, turn quality and variety, ice coverage, beautiful extensions, music interpretation, timing, ease of flow, transitions and style.

# **Duration and Judging Criteria**

There are prescribed elements to each of the levels (Bronze, Silver, Gold, Platinum and Diamond). The same duration rules apply that are used for other ISI disciplines so skaters may be under the prescribed time without penalty.

Judging criteria includes: Test Level Maneuvers, Correctness, Interpretation, Extra Content, Pattern, Timing, Posture and General Overall. Please refer to *The ISI Handbook* for more detailed information.

The dance should reflect the character and rhythm of the music through the steps, turns, body movement and costuming. Examples of Open Solo Free Dance themes include cultural or ethnic musical theme (e.g., Latin or Irish), rhythm theme (e.g., rhumba, tango, march), Middle English theme (e.g., 1920s, 1930s) or artist theme (e.g., Beatles, Benny Goodman). The costuming should reflect the theme, period or story line of the routine. Skaters and coaches should be mindful that the dances should remain technical without becoming overly showy.

Open Solo Free Dance is a great way for coaches to capture skaters with stronger skating skills who may not want to pursue couples skating or difficult jumps. It's also another great way for ice dancers to expand their horizons in dance by exploring more creative skating and a wider variety of musical themes.

# Open Solo Free Dance Vs. Footwork/Artistic

You might be wondering how Open Solo Free Dance is different from either Footwork or Artistic?

# Open Solo Free Dance

- Open Solo Free Dances should have a minimum of crossovers (no more than two) between elements and turns.
- A dancer should show their interpretation of their music with their "skating knees," facial expression, and hand and arm movements.
- Stops should not be excessive and have a purpose to the music.
- Stops should be limited to four measures of music. Judges want to judge dance skating skills and not standstill dancing.
- Dance movements utilizing arms, hips, torso, core body and free leg movements should be evident throughout the
  program with a connection to the rhythm of the music and with a conscious attempt to accentuate them to the
  highlights in the music.
- Open Solo Free Dancers should always skate each step to the beat of the music with emphasis to the strong beat of the music. Dancers should try to have a variety of tempo in their music selection to show their interpretive abilities to a variety of music.
- A variety of rhythms should be explored to show the skater's versatility to interpret a variety of dance rhythms.

# Artistic

Artistic event programs will include more Freestyle skills so following the Open Solo Dance guidelines may not be possible. A good Artistic program should ideally utilize some of the character of a solo ice dancer, but there will also be more emphasis on athleticism than Free Dance.

# **Footwork**

Footwork programs will have some of the characteristics of a Free Dance but likely not as much emphasis on dance skills. These routines will typically have more emphasis on turns and steps but not as much dance interpretation. As these programs are shorter, it will not always be possible to show a variety of tempos and rhythms in the music selection.

# competitors' corner

# 2022 ISI National Events — Selected Maneuvers

# Solo Compulsories (Pre-Alpha – Freestyle 10)

Skaters are to perform only the three maneuvers below in any order with a minimum of connecting steps. Each maneuver may only be attempted one time. Additional maneuvers, such as any jump, spin or gliding maneuver from a test level or any uncaptured moves, are not allowed.

There is no penalty given for the quantity of swizzles, wiggles, strokes or crossovers in the Pre-Alpha through Beta levels. Only the quality of these maneuvers is comparatively judged.

Pre-Alpha through Freestyle 5 will be on half ice only and Freestyle 6 through 10 will be on full ice.

# Required Maneuvers:

Pre-Alpha: Right One-Foot Glide / Left One-Foot Glide / Backward Swizzles

Alpha: Forward Stroking / Right over Left Forward Crossovers / One-Foot Snowplow Stop Beta: Left over Right Backward Crossovers / Right over Left Backward Crossovers / Right T-Stop

Gamma: RFI Mohawk Combo / LFI Mohawk Combo / Hockey Stop

Delta: RFI Three Turn / LFI Three Turn / Bunny Hop

Freestyle 1: Waltz Jump / One-Half Flip / Two-Foot Spin

Freestyle 2: Ballet Jump / One-Foot Spin / Two Forward Arabesques
Freestyle 3: Salchow Jump / Backward Outside or Inside Pivot / Toe Loop

Freestyle 4: Flip Jump / Sit Spin / Loop Jump

Freestyle 5: Camel Spin / Axel / Lutz Jump

Freestyle 6: Double Salchow / Choice Spin (Cross-foot/Layback/Sit-Change-Sit) / Split Jump

Freestyle 7: Opposite Jump / Flying Camel Spin / Double Toe Loop Jump

Freestyle 8: Double Loop Jump / Flying Sit or Axel Sit / Split Lutz

Freestyle 9: Double Lutz Jump / Flying Camel into Jump Sit Spin / Axel in opposite

direction or Double Axel

Freestyle 10: Double Axel-Double Toe Loop combination / Death Drop / Three Arabian Cartwheels or Butterfly Jumps

# Solo Compulsories (Special Skaters 1-10)

Special Skater 1: Fall, Get Up, March in Place

Special Skater 2: Forward Swizzle, Two-Foot Glide, Teapot Dip

Special Skater 3: Forward Swizzles, Scooter Push (L or R), Backward Wiggles

Special Skater 4: T- Position Push, One-Foot Swizzles (L or R), Forward Crossovers

Standing Still

Special Skater 5: Forward Stroking, Snowplow Stop, R/L Forward Crossovers

Special Skater 6: Two-Foot Turn Forward to Backward, Forward One-Foot Glides on a

Curve, L One-Foot Backward Swizzles

Special Skater 7: Backward Stroking, Choice of Stop, L/R Backward Crossovers

Special Skater 8: RFI Mohawk, LFI Mohawk, RBO Edge on a Curve Special Skater 9: RFO Three turn, LFO Three Turn, Choice of Stop

Special Skater 10: Bunny Hop, Lunge, LFI Three Turn

# LOVIN' the 2022 National Event Theme!

Each year, the ISI office selects a new theme for the approaching new year's Themed Spotlights and Themed Production events offered at our national competitions.

The 2022 theme is (drum roll!): "LOVE — it's what makes the world go 'round."

We encourage you and/or your coach(es) to create your programs based on what this theme means to you. You can continue to use these programs through the final national event of 2022.

# 2022 Discounted Events

Discounted events offered at our national competitions provide a cost-saving way to earn more medals and have more fun! All skaters who enter any ISI national event in 2022 can qualify for these special discounts — just read the details carefully on the entry forms.

# **Discounted events include:**

**Footwork** 

Jump & Spin

Solo Compulsory

**Team Compulsory** 

**Team Surprise** 

(Discounted event fee is \$20 each. For event descriptions, please visit skateisi.org. (Click on Competitions, ISI Competition Information, then National Events Descriptions.)

For your convenience, ISI is now a

# **ISI World Recreational Team** Championships

Aug. 4-7 **Edge Ice Arena** Bensenville, IL

**Test & Entry Deadline: May 20** 

skateisi.org/worlds

# Reasons to Attend

# I. The Big Event

World Recreational Team Championships is ISI's annual, premier event — a gathering of talented skaters of all abilities and ages, from tots to seniors, from across the world to compete in a sport they all adore. The Worlds vibe is contagious, and

four-day event, Thursday through Sunday! once you catch it, you'll be glad you did! So, start making plans now for this worlds of fun event set for Aug. 4-7 (Thursday through Sunday) at Edge Ice Arena in the Chicago suburb of Bensenville, III. Historically a week-long affair, Worlds has been shortened to be more convenient for our skaters, families and coaches. This abbreviated schedule provides the ideal opportunity for participants to extend their stays to take in all the sights and attractions in the host city and surrounding area.

# 2. Champion Venue

Located at the 88-acre Redmond Recreational Complex, the Edge Ice Arena is one of Chicagoland's leading ice skating facilities and among the largest in the country. The facility showcases three ice surfaces, including two NHL-size ice sheets. The main sheet offers 2,800 seats, plus nine luxury sky suites and an executive club level seating area. The complex is an outdoor enthusiast's playground, complete with climbing wall, zip line, ropes courses, in-line skating rink, skateboard park, aquatic center and volleyball pit, as well as a lake and wetland preserve.

# 3. Easy Access

The Village of Bensenville is situated in DuPage County, a popular Midwest destination due to its convenient proximity to O'Hare International Airport and downtown Chicago, which is chock-full of stuff to do. While in Bensenville, you can cool off at the Bensenville Water Park & Splash Pad and explore Fischer Woods Forest Preserve, including Fischer Farm, an old homestead dating back to the 1800s.

# This Year's ISI Worlds

by Eileen Viglione

# 4. Best Big City

For five years in a row, readers of Condé Nast Traveler have voted Chicago as the "Best Big City in the U.S." In 2021, 800,0000 readers cast their votes for Chicago, making it the only city to ever win this impressive honor five years in a row!

# 5. Fun for the Entire Family

Chicago has tons of things to do for all ages. Take a trip to Navy Pier, where you can ride the famous, 150-foot high Ferris wheel; pet stingrays at Shedd Aquarium; walk on air at Skydeck Chicago; enjoy a virtual journey through time and space at the Adler Planetarium and catch a Chicago Cubs game at the iconic Wrigley Field. How's that for starters?

# 6. Free Things to Do

Who doesn't love free stuff? Chicago offers many cool attractions that don't cost a dime! Get up close with animals at Lincoln Park Zoo and Brookfield Zoo, ride the slides and conquer the climbing wall at Maggie Daley Park, check out the amazing art at the Chicago Culture Center and Hyde Park Art Center, view lush greenery at Garfield Park Conservatory, enjoy the scenery at Millennium Park (home of Cloud Gate, aka "The Bean" sculpture) and so much more! Did we say free?

# 7. Competitors' Party

ISI Worlds is like no other skating competition on the planet, so we like to celebrate it BIG! Our Competitors' Party is designed to be an enjoyable event exclusively for Worlds participants and their families. It always entails food, More information friendship and FUN! Watch the ISI website for more detailed information in the coming months.

# 8. ISI Benefit Show

choosechicago.com Always a much anticipated event at Worlds, the ISI Benefit Show, held during Worlds, will feature a soon-to-be announced "celebrity" guest skater and Worlds participants selected throughout the week to perform in the show. In recent years, star performers have included Starr (no pun intended!) Andrews, Bradie Tennell, Jason Brown and Mariah Bell. Be sure to check the ISI website for more information coming soon.

skateisi.org/worlds

If you've seen one Fleury on the ice, chances are you've seen two — Fleury siblings, that is. The dynamic sister-brother duo, Ava and William (aka Will) started skating together six years ago, when they were 8 and 6 respectively, and they have been skating individually for almost a decade. (2019 ISI Worlds participants may recall seeing them perform in the ISI Benefit Show.)

Their interest in figure skating flourished when they began taking ice skating lessons at Washington Park Ice Arena in Jefferson City, Mo., as a means to earn physical education credit as part of their homeschool curriculum. They now take courses through Mizzou Academy, an online K-12 school through the University of Missouri, which allows flexibility for practicing the sport they love and excel in. They both train approximately 10 hours a week under coach Joshua Canzolino Uster.

What do Ava and Will love most about skating?

"I love pushing myself in skating," said Ava, 14, who is an ISI Freestyle 7 skater (U.S. Figure Skating Preliminary Freeskate) and high school junior. "To explain, every session and every program brings its own unique challenges. I have to push through, which has taught me the meaning of perseverance. I also love being artistic and skating as fast as I can in my routines because there is no better feeling than to propel myself across the ice.

"One of the most rewarding aspects of figure skating is that it has taught me to look past minor frustrations. Instead, I can see the big picture of how my hard work, power, artistry, choreography and costumes will come together at a competition or show."

Twelve-year-old Will, an ISI Freestyle 6 skater (U.S. Figure Skating Pre-Preliminary), is considered an eighth grader and takes high school courses. He knows that even if he's having a bad day, he can lace up his skates, feel the ice under his blades and have fun as well as an opportunity to improve his skills.

"It's a great physical activity and very few people experience competitive figure skating," he said. "I also enjoy competing and entertaining the audience."

For Ava and Will, skating together comes naturally. They are both passionate about the sport, and they delight in each other's company.

"I really enjoy skating with him because he is like my best friend," shared Ava. "When we skate together, we know each other so well that we can communicate in a kind of shorthand or even have little conversation as we do our program."

Will, who was a member of his rink's synchronized skating program for three years, appreciates that skating with his sister enables him to spend time with her. "Our pairs program is one of our favorite programs to perform," he said. "We're always

there for each other. Our pairs number is always special to me because I get to perform and work toward a goal with my sister. Sometimes I don't want to practice my events, but practicing our duet always brings me joy."

# Challenges

Skating together also has it challenges. For one, Ava is not only older than Will, she's also taller than him, so she is doing all the lifting. They also skate in different directions (Ava is a left-footed skater and Will is a right-footed skater), so choreographing programs presents unique challenges. What's more, it can be difficult to find appropriate music for a sister and brother performance. In the past, the pair has skated to a "Grease"-themed program; "Jailhouse Rock" and "Bossa Nova Baby," both by Elvis; and most recently, "Land of 100 Dances" by Wilson Pickett.

Like all siblings, the duo sometimes has disagreements, but it doesn't change how they perform together on the ice.

"We argue a little, but most of the things we disagree about are small and don't change the way we skate together," said Ava. "At the end of the day, he is my brother and no matter how upset I am with him, he can always make me laugh! I never want to ruin a performance for him by being annoyed or in a bad mood. No matter what happens and how mad we are at each other, we will always be there for each other. Remembering this helps me realize that it doesn't do any good to be upset at my brother over small things because five years from now, tiny arguments won't matter."

Will agreed, stating: "Like all relationships, we have disagreements, but we don't bring it onto the ice, and it doesn't show in our routines. She is caring and kind, and we have each other's backs, so the disagreements don't last long."

# ISI Program

What do the siblings enjoy most about the ISI testing and recreational competitive program?

"One thing that I enjoy about ISI is being able to talk to people at competitions from different ice arenas and different cities around the world," said Ava "Sometimes the competitive nature of the sport can cause tension between skaters, but choosing to compete ISI really allows me to just have fun and be friendly to my fellow competitors. Skating is challenging enough, and it helps to make friends with others that share the same passion for the sport. ISI makes me feel that I can show and share my passion without the pressure of placing on the podium."

Will shared that he enjoys the environment at competitions and performing for his friends and family. "The opportunity to perform the skills I work on mastering during practice is exciting."

# All in the family

For the Fleury siblings, an important aspect of their skating is their family's involvement.

"My grandmother and mother design, sew and jewel all of my costumes, said Ava. "My father is in charge of transporting props and making countless trips back and forth to the car while at competitions. Also, my grandfather is our videographer and candy supplier. And finally, my brother is my partner and my biggest

> cheerleader because he understands what it takes to figure skate."

Skaters can see the Fleury "sibs" in action at this year's ISI World Recreational Team Championships, scheduled Aug. 4-7 at Edge Ice Arena in Bensenville, Ill.

# Ava at a Glance

Hobbies Outside of Skating: Piano, embroidery, painting, calligraphy and serving as a volunteer with the Missouri Figure Skating Club Adaptive Skating Program, helping skaters with physical and intellectual disabilities.

Interesting Facts About Ava: Enjoys nutrition and cooking healthy recipes; wants to be a biomedical researcher; loves carrots and pulling April Fool's Day pranks.

Advice to skaters: "Never get frustrated with Yourself because even baby steps count as

# Will at a Glance

Hobbies Outside of Skating: Piano, archery, drawing, aeronautics, learning about World War II and serving as a volunteer with the Missouri Figure Skating Club Adaptive Skating Program, helping skaters with physical and intellectual disabilities.

Interesting Facts About Will: Has copper-colored hair and was bitten by a venomous copperhead snake in June 2020

Advice to skaters: "Keep going, no matter what happens. Work hard, don't give up and enjoy skating."

# **2020NE ISI HOLIDAY TH**

Iceoplex Simi Valley — Overall Team Champion, 2020ne ISI Holiday Theatrical Challenge

# SKATERS BRING Sunshine TO ICEOPLEX SIMI VALLEY

While the weather was unusually foggy, the atmosphere inside the Iceoplex in Simi Valley, Calif., was bright, as skaters took to the ice Dec. 4-5 for the 2020ne ISI Holiday Theatrical Challenge.

Nearly 300 skaters representing 18 rink teams from four states (California, Minnesota, Missouri and Texas) were thrilled to be competing again and making memories with skating friends.

Iceoplex Simi Valley was crowned Overall Team Champion, with a total of 439.5 points. HealthEast Sports Complex, Woodbury, Minn., took 2nd place, with 423 total points and Toyota Sports Performance Center, El Segundo, Calif., placed 3rd, with 255.5 points.

"I believe it was one of the first competitions in which many of the skaters (most being from California) were able to participate in since the start of the pandemic, and we could certainly see that they were excited and grateful for the opportunity," said ISI Skating Programs and National Event Director Kim Hansen. "The rink did an exceptional job of creating the theatrical lighting for the event, complete with professional-grade spotlights and colored background lights.

"The host rink won, but it was extremely close right down to the end of the competition. A visiting rink from Minnesota, HealthEast Sports Center, almost won; the point difference was only 16.5 points — the closest I have ever seen in my 10 years of running events, so that was very exciting!"

# 'Steel' the Show at the 2022 ISI Northeast Championships!

# **May 13-15**

Ice & Blades Figure Skating Team | Alpha Ice Complex Pittsburgh, PA

Test & Entry Deadline: March 25 skateisi.org/northeastchamps

Come join us for our first-ever Northeast Championships, taking place in "The Steel City" — Pittsburgh!

For more information, visit skateisi.org/northeastchamps or contact ISI Skating Programs & National Events

Director Kim Hansen at khansen@skateisi.org.

# Oct. 8-9

South Suburban Sports Complex Denver, CO

Test & Entry Deadline: Sept. 1 skateisi.org/adultchamps

# 学MILE-HIGH MEMORIES IN DENVER!

by Eileen Viglione

Come this fall, ISI Adult Championships heads to the foothills of the breathtaking Rocky Mountains for a special competition that is *all* about our wonderful, inspirational adult skaters (ages 18 and over)! The event is set for Oct. 8-9 at South Suburban Sports Complex in Littleton, Colo., just a few miles south of the capital city of Denver, where urban sophistication meets outdoor adventure.

# LITTLETON

Consistently ranked as one of the best places to live in the country, Littleton offers a special charm all its own, including a vibrant, historic downtown featuring tree-lined streets, turn-of-the century buildings, locally-owned eateries, coffeehouses, antique shops and art galleries.

This Denver suburb is also brimming with parks, lakes, rivers and trails, making outdoor adventure a breeze. You can walk, run, bike or blade South Platte River Trail, stopping off at various attractions along the way, such as Carson Nature

Center, Hudson Gardens and Breckenridge Brewery Farmhouse.

# DENVER

Experiencing Colorado in the fall is truly a treat, as the "Centennial State" transforms into a kaleidoscope of warm colors. You'll want to make sure you build enough time into your trip for some exhilarating excursions (envision scenic hikes or drives) and a whole lotta fun with skating friends while off the ice. Your options for adventure in the "Mile-High City" and surrounding area are literally endless!

# 'Hostess with the mostess'

00000000

Adult Champs participants will be more than pleased by this year's competition venue. The new, state-of-the-art South Suburban Sports Complex opened January 2021 and boasts three spectacular sheets of ice. Colossal in size (206,000 square feet to be exact), the impressive facility features a figure skating warm-up room, five locker rooms, a skate rental shop and a pro shop.

# Flip'n' Fun.

This painted stone project is easy and fun for all ages, and it's rewarding to see how you can turn some simple stones into ISI mascot Flip, and his friends. You can purchase smooth stones at your local garden center, or you can set out on a treasure hunt with friends and/ or family to find the perfect stones for your

While some people use the terms "rock" and write some people use the terms rock and when stone interchangeably (as synonyms), do you know that there are differences between the two? See if you can circle the correct answer (rock or stone) in each sentence. Answer key is

1. A ROCKISTONE IS THE HARD MATERIAL OF THE EARTH'S CRUST. 2. A RULING JUNE LAW DE MAKU UK GUT 1.

3. A ROCKISTONE IS A SOLID, NON-METALLIC MINERAL MATTER. 2. A ROCKISTONE CAN BE HARD OR SOFT. 4. A ROCK/STONE IS A SMALL PIECE. 5. A ROCKISTONE IS HARD TO MOVE.

- Smooth stones of various sizes
- Acrylic paint black, white and orange
- Paint brushes
- Newspaper, tin foil, waxed paper or
- Sealer (such as PVA Glue or Mod Podge)
- Toothpick (optional)

Answers: 1. rock 2. rock 3. stone 4. stone 5. rock

# Adventures & Activities

# **INSTRUCTIONS:**

# FOR EACH STONE

- 1. Paint one side of the stone with black acrylic paint. Place it (painted side up) on newspaper, tin foil, waxed paper or parchment paper. Let dry.
- 2. Paint the other side of the stone. Let dry.
- **3.** Paint a white circle on one side of the stone to create Flip's tummy. Let dry.
- 4. Dip the tip of a paint brush (or toothpick) in white paint and create two eyes. Let dr
- **5.** Dip the tip of a thin paintbrush into the black paint and create a pupil in each eye.
- **6.** Using a paintbrush, create a triangular beak. Let dry.
- 7. Dip the tip of a paint brush in orange paint and make three circles (touching one another) on the bottom of the rock to create Flip's feet. Let dry.
- **8.** Cover one side of Flip in a sealer (such as watered down PVA glue or Mod Podge.) Let it dry.
- **9.** Cover the other side of Flip in watered down PVA glue or Mod Podge. Let dry.
- 10. Create additional penguins, then show off your new Flip 'n' Friends! (For added fun, display them in a container filled with marshmallows!)

KATHERINE'S HOME RINK IS TAMPA BAY SKATING ACADEMY IN OLDSMAR, FLA.

Interested in participating in a craft activity for Recreational Ice Skating magazine? Please email editor@skateisi.org. Crafters must be ISI skaters.

# Rangarajan Twins Radiate on the Ice

We are looking for ISI skating twins and triplets to share their experiences on the ice. If this sounds like you, please email editor@skateisi.org for more information.

It pays to have a big sister, especially when she likes to skate. If you often accompany her to the rink for her lessons, soon enough the skating "bug" will hit you, too. That was the case with Annika and Ananya Rangarajan, who now have their older sister, Saanvi, to thank for their love of the sport.

The twins, who turn 7 in March, are coached by Amber Karcher Ramos, and they participate in the ISI program at St. Louis Park Rec Center in St. Louis Park, Minn., and the U.S. Figure Skating program at Maple Grove Ice Arena in Maple Grove, Minn.

Annika began skating at just 2 years old.

"I have always been in an ice rink, as my older sister skated every day," she says. "As I watched her skate, I also wanted to be a figure skater. Then, when I was 2 years old, my coach taught me to skate on ice for the first time, and I loved it!"

Annika has been participating in ISI competitions since she was 4 years old and has competed in the following events: 2019 Skate Woodbury, 2019 White Bear Lake Holiday Open, 2020 Bold Ice Challenge, 2020ne ISI World Recreational Team Championships and 2021 Skate Woodbury.

"I feel happy and excited when I skate," says Delta-level skater Annika. "I love to wear pretty dresses with stones, and I like winning trophies and medals."

# Ananya

Ananya began skating at 4 years old.

"My sisters skated, and I loved to watch my twin sister, Annika, skate," she says.

A Pre-Alpha skater, Ananya began competing in ISI events in 2021 and competed in the 2020ne ISI World Recreational Team Championships and the 2021 Skate Woodbury.

Like her twin sister, Ananya feels happy on the ice, and she likes to skate fast.

The pair appreciates the ISI program because they enjoy

participating in light entertainment performances and being a part of a team." I love to do my chicken dance program for light entertainment, as it is fun and everybody claps to my song," says Ananya.

Ananya, left, and Annika, right, in their happy place — on the ice!

Annika, left, and Ananya, right, with Coach Amber Karcher Ramos, skating director at St. Louis Park Rec Center.

# Annika's FAVES

Skating Move: Shoot the duck, Catch-foot Spiral, Waltz Jump and Half Lutz

Music to Skate to: Shakira's "Waka Waka" and "Let's Get Loud" by Cinderella (Camila Cabello)

Favorite Skater to Watch: Older sister, Saanvi; Mirai Nagasu

School Subject: "I love my class teacher, Ms. Haberlack. I also love art and music"

Food: Jelly Sandwich & French Fries Place to Visit: "I have been to India, Switzerland, Paris and London. I love the Eiffel Tower and the cable cars in the Swiss Alps."

# Ananya's FAVES

Skating Move: One-foot Glide, **Catch-foot Spiral and Pivot Spins** 

Music to Skate to: My Little Pony theme song — "I love doing my program to this song."

Favorite Skater to Watch: Older sister, Saanvi

School Subject: "I love to read." Food: Green peas, pizza & ice cream

Place to Visit: Itasca State Park, Minn., the headwaters of the Mississippi River

# **≕parents'page**

**Q&A:** What Every Skating Parent Needs to Know

Sprinker Recreation Center Coach Jennifer Rubin, mom of skater Arabella, 6, helps to answer questions ISI skater parents may have.

# What are the lifelong benefits of learning how to skate, and is it worth the cost, time and energy?

Learning how to skate is about more than developing physical skills. It not only helps one to become stronger and more competent on the ice, but it also teaches one how to handle both success and failure, how to work through mistakes and to take on new challenges as the skills become more difficult. A skater must literally learn how to get up when they have fallen down, and in many ways, this becomes a template for dealing with many of life's challenges.

# How long should a skater wait to get their own skates instead of rentals?

For kids, it would be best to wait until they get through their first group lesson session just to be sure they are committed. Since ice skates are an investment, buying them before you know if your child wants to continue to skate may be a waste of money.

# At what ISI skating level should private coaching be considered?

Private coaching can be considered at any level. Some students thrive with one-on-one instruction, while others may feel more comfortable in a group class setting. Both have value, but a combination of the two can be beneficial, at least in the beginning.

# How many hours should a skater expect to practice to grow their skating abilities?

A good rule of thumb is for every 30-minute lesson taken, a skater should practice a minimum of 60 minutes to see improvement. Practice time will normally increase as the skater improves and moves through the various levels.

# What is a Freestyle session? Is my child allowed to participate?

Freestyle sessions are practice sessions for anyone working on more advanced skills. These sessions are different from a public session and will allow a skater to have more freedom and space to practice with other like-minded skaters. Most rinks have levels assigned to these sessions to help keep skaters safe, and some only allow participation if they are in a lesson with a private coach. Check with the front desk or the skating director at your home rink for more information about freestyle sessions.

# When can a skater start competing?

One can start to compete from the very beginning in ISI. We offer competition events for all levels, ages and abilities. There are literally hundreds of different kinds of events available to skaters, which will allow them a chance to find success at all stages of their skating journey. One of the best things about ISI is that you can be of ANY age to compete in an ISI competition!

## Who decides what music to use in a competition? Do skaters have to edit the music themselves?

Generally, picking out the right music for a skater is a group effort between the student, parent and coach, depending on the skater's age and ability. Most coaches help with editing the music to ensure the music duration and type is correct and appropriate.

# If a skater gets hurt, should they tell their coach?

Most definitely! The coach is there to help the skater be their best, and that means helping to keep skaters healthy and safe. Skating with an injury can be dangerous, and a coach will most certainly want a skater to consult a doctor any time they are hurt or sick.

# Is it okay to take breaks? Sometimes it's difficult to be at class when life outside the rink gets too busy.

Yes, absolutely! A great thing about ice skating is that it will always be there for you when you return. First and foremost, skating should always be fun and a positive addition to your life. Choosing the sport of ice skating should not be overly stressful or burdensome. Our mission, through the development of the ISI Skating Program more than 60 years ago, is to introduce people of all ages to the joy of skating and, in turn, help create lifelong skaters.

Parents, please feel free to reach out to us if you have any questions about skating. Contact ISI Skating Programs & National Events Director Kim Hansen at khansen@skateisi.org.
