

UNIVERSITY
A program of the Ice Sports Industry

ISI University Sponsorship Opportunity

Help us educate the future leaders of the ice arena industry!

ISI University certifications are among the most prestigious distinctions an ice arena professional can earn. The ISI University programs provide students the technical education and confidence to successfully face real-world challenges encountered in the ice arena environment. The skills learned make graduates more valuable to their facilities, which ultimately provides a competitive advantage to the organization through heightened service, increased productivity and lower operating costs.

ISI members can conveniently earn ISI certifications while attending the ISI Connect educational classes. In addition, workshops will be offered at ISI-sponsored District Seminars and other University classes as contracted throughout the year.

By becoming a sponsor of the ISI University, you will have an opportunity to give your company and products exposure to the ice arena leaders of the future.

Please send us your commitment by Monday, July 25, to be included in the ISI Connect & Expo Boston digital program book. Fill out the attached agreement and email to cjackson@skateisi.org

Sponsorship Cost - \$1,500
